5) The proposal of Mr. Basavalore

recommendations made to 8854 for
additional establishments, new establishments, improved
pay etc. Most finances are in a
parlous condition owing to the fact that
Dearness allowance has to be paid at the
rate allowed to post employees, the bonus
bonus is paid and there is all round increase
under other heads such as Public Works. It is
difficult to say what the financial
condition would be next year
Again, this is not an essential item
of expenditure like that of famine or relief

Having regard to all the circumstances of the case,
it is not necessary at all to
sanction the establishment of one Librarian
for whom there is no work apparent
as stated by the H.L. Court himself, but
that it would come later on
in view of the financial condition of the
country, it would, for the present,
be sufficient to have the libraries
attended once a week by the 15 pay-ill (if
not a literate peon as H.L. says)

Subject Employment of a Librarian on Rs 20-1-25 and a peon on Rs 11-½-15 for the newly started Municipal Reading Room near the City Market

SIR,

With reference to your letter No L 7348 dated 20-11-1946 on the above subject, I have the honour to state that

1) the Reading Room has been started newly at the City Market with a view to improving it later on It is also the desire of the Municipality to start a small library consisting of magazines and books relating to Municipal administration for the use of the public and the Market Committee which holds its meetings there frequently

2 In view of the above the appointment of a literate peon will not be desirable Besides a large number of respectable citizens gather in the Reading Room and any incivility on the part of the working staff may lead to unpleasantness The posts of the Librarians of other Reading Rooms run by the Municipality are treated as superior

3 The scales of establishment of other Reading Rooms are noted in the margin together with the scales of pay drawn by them
